

Darimagery Photography

Thank you for considering me for your design and photography needs. This is a general outline of charges; pricing can be adjusted for non-profit organizations, multi-level jobs, or long-term projects. If you have any questions, please [contact me](#).

design pricing

Your initial design consultation is always free. Design services are billed at \$50.00 per hour. All projects have a one-hour minimum (a project is defined as a single printed deliverable, such as a business card or website). I provide drafts via PDF files and/or screenshots. I strive to ensure that the entire process is pleasant for you, from initial meeting to final output.

design pricing:

initial consultation	free
design, hourly rate (one hour minimum per project) Includes project management, printing, and delivery	\$50.00
meeting transit charge (clients outside general The Woodlands, Texas area)	\$10 - \$30
Printing charges	estimates provided

Ready to schedule? [Email me](#).

photography pricing

I bill product and event photography hourly, just like my design services. For portrait sessions, pricing is listed below. I guarantee five portrait-worthy shots from a session; clients typically receive between 30 and 40 shots. If you are not satisfied with your photos, I will return to do another session free of charge

The initial consultation will determine your exact needs and pricing. A portrait visit lasts approximately two hours, and up to three if the subject is shy. When photographing pets or young children, please remember that you will need to help keep them alert so I can get dynamic shots. The fee includes more than time and prints - each photo is reviewed for clarity and composition.

Digital sessions are posted online in your own private gallery, usually viewable within 5-8 business days. You can view your photos and select reprints and/or enlargements, or you can purchase a high-resolution CD of all the images. I use a professional-quality processing lab for my photography.

Photography pricing:

portrait session (digital)

2 to 3-hour photography session; \$200.00
private online gallery for one year

finishing/extras

4x6 prints \$1.50 each

a la carte enlargements, each:
